ROSTER

from

"History of the Ninth Virginia Cavalry
in the War Between the States"

by Brig. Gen. R. L. T. Beale
B. F. Johnson Publishing Company, 1899
pp. 149-177

from microfiche in Special Collections Department,
Harold Washington Library, Chicago IL

transcribed by Thomas Walter Duda

NOTE: The rosters that follow should not be regarded as definitive. For example, M. L. ARVIN is listed here as being a private in Company G. Other rosters show him as being in Company K, 3rd Ohio Cavalry. The rosters provided are an indication that the men named in them served in those companies at some time during the war.

The descriptive names of the companies, the counties represented by each company, and the dates of enlistment were added by the transcriber.

The names of the enlisted men were arranged in alphabetical order by the transcriber whenever possible, remembering that sergeants and corporals are enlisted rather than commissioned or elected.

Surnames have been capitalized by the transcriber.

Where the original text provides comments, it should be remembered that these are as of the 1899 publication date.

Any comments enclosed in brackets [] are those of the transcriber.
